There are hundreds of live public sector works and engineering frameworks, but only a fraction will be appropriate for any specific procurement. And - just a fraction of those may be accessible for SMEs!

With this curated list of live technology frameworks, you can start finding frameworks that level the playing field for small and medium-sized firms.

Curious about which live frameworks you can use in your procurements? Want to know which ones are actually being used by SMEs and VCSEs in your locality?

[Book a Tussell demo to get the full picture.](#)

Find the right live frameworks for your procurement **in seconds.**

Tussell's **Frameworks Finder**® is a verified directory of live frameworks and Dynamic Purchasing Systems across the UK public sector.

Think of it like your framework shopping catalogue - saving you hours of time searching on your own.
